

Your  
**CHURCH LIBRARY**  
has a new  
**CATALOG**  
and it can be used by  
**ANYONE, ANYWHERE**  
even from  
**HOME**

as long as you are connected to the Internet!

The Library Group has nearly completed the conversion from the old and out-dated computer catalog, to a free, on-line catalog. Now our church family can browse and search from the comfort of their home, or, via a smart phone/tablet, from virtually anywhere!

Here's how:

Go to [www.librarything.com/profile/fumcod](https://www.librarything.com/profile/fumcod)

The screenshot shows the LibraryThing profile page for user 'fumcod'. The browser address bar displays 'https://www.librarything.com/profile/fumcod'. The page features a navigation menu with 'Home', 'Groups', 'Talk', and 'Zeitgeist'. A search bar is located in the top right corner. The main content area is titled 'Member: fumcod' and includes sections for 'Collections', 'Reviews', 'Tags', 'Clouds', 'Groups', 'Favorite lists', 'Favorite authors', 'Account type', 'URLs', and 'Member since'. A callout box with an orange border and the text 'Here's where you search' points to the search bar. The 'Most recent activity' section shows several recent additions to the library. The right sidebar contains a search box for 'fumcod's books', an 'Organization: Church' section, 'Random books from fumcod's library', and 'Members with fumcod's books'.

3. You can search on a **title** or on an **author**, on a **category** (like Fiction or Easy Reader) or on a **Dewey Decimal number**, and to a certain degree, on **subject matter**.
